# TIAGO BARATA

## MULTIMEDIA & WEB DESIGNER

Olá! I'm Tiago Barata. I'm a Graphic Designer from Portugal. I'm a person who is always eager to learn and I believe that there is always room for improvement and learn about anything if you put your mind and soul into it. I believe in every work, we should accept every criticism as well as ideas to better do our work. I love everything about design and would love to experiment in every area that's related to it. My strength is graphic design and working with visuals although one of my hidden passions is 3D modeling and motion graphics.

## EXPERIENCE

### 2024 - Present

#### EDUdigital

#### MULTIMEDIA & WEB DESIGNER

- Creation and development of motion graphics
- Multimedia project management
- Development and production of layouts and eLearning didactic/digital content
